conspired to distribute two kilograms or more of cocaine. The evidence in support of the complaint indicates defendant discarded 2.3 grams of cocaine as he fled from officers who were attempting to arrest him on this charge. It also indicates he sold 0.88 grams of cocaine to an undercover agent in August of 2007. Defendant also told the undercover agent he had been buying Oxycontin in Las Vegas, and transporting the pills to Seattle, making a profit of \$50,000 on each trip; and that he and his partner had recently sold six kilos of cocaine to Canadian drug traffickers.

- (2) Firearms and Ammunition. A search of his residence produced (in addition to drugs and paraphernalia) four firearms, at least three of which were semi-automatic weapons, and hundreds of rounds of ammunition. One of those weapons has been linked to the attempted armed robbery described in the next paragraph.
- (3) **Attempted Armed Robbery.** Defendant is a suspect in an attempted armed robbery of a Walgreen's store on or about October 29, 2007. One witness indicated the robber had a tattoo on his left forearm; defendant has a tattoo which appears to fit that description. There are other identifications, of varying specificity and reliability, of the robber and his vehicle, which appear to be at least consistent with defendant as the robber. There is also evidence that a man, believed to be the defendant, told another man at a gas station that he intended to rob the Walgreen's store and to "shoot it up," and that he threatened the witness with death if he informed anyone.
- (4) Flight from Scene of Attempted Arrest. When officers attempted to arrest defendant and his companion in connection with the arranged sale of two kilos of cocaine, the two suspects rammed the SWAT vehicle, drove away, jumped from their vehicle, discarded a bag of

01 cocaine, and fled into the woods.

- (5) **Drug Use.** Defendant acknowledges that he has a serious drug and alcohol abuse problem, of long standing. He consumes four to six beers three times a week. He uses one gram of cocaine and one gram of marijuana daily. He also uses many prescription drugs, primarily Oxycontin but also Valium, Xanax, Methadone, Vicodin, and Percocet. He advised the Pretrial 06 Services Officer he will use any prescription drug "when it's there." In the past, he has used LSD, hallucinogenic mushrooms, and has "huffed gas."
 - (6) **Drug Treatment Programs.** Defendant has participated in programs at various drug and alcohol treatment facilities, totaling five years. Defendant and his family propose that he be ordered to participate in another such program at this time, in lieu of detention. The court, however, has no reason to believe that defendant would be any more likely to succeed at such a program than at the prior programs. Specifically, his participation in such a program would not provide reasonable assurance of his future court appearances or of the safety of other persons and the community.

It is therefore ORDERED:

- (1) Defendant shall be detained pending trial and committed to the custody of the Attorney General for confinement in a corrections facility separate, to the extent practicable, from persons awaiting or serving sentences or being held in custody pending appeal;
- (2) Defendant shall be afforded reasonable opportunity for private consultation with counsel;
- On order of a court of the United States or on request of an attorney for the (3)

DATED this 27th day of December, 2007.
